RESTRICTION: This is a restricted presentation. It has been provided exclusively for non-profit educational use by the students currently enrolled in this course and for the duration of this semester only. Any other use, disclosure, or any use by others (for example but not limited to: private use, news reporting, educating, criticism, research, reviewing, discussing, evaluating, copying, storing, distributing, circulating, posting and publishing) for whatever purpose is prohibited unless with prior authorization of the professor in this course and the copyright holder or holders.

Access to class website

The link to class website:

<http://csc.csudh.edu/suchenek/CSC301/>

The entire class website contains
restricted material.

It is **password protected.**

The user name and the password to access the class website will be provided to you in class.

You can also get it from me during my office hours.

For cybersecurity reasons, I will **NOT** email it to you.

You are NOT allowed:

To give the user name or the password for the class website **to anybody**.

To share the contents of the class website **with anybody**.

To copy, store, or print the contents of the class website **except** temporarily while you are a student in this course during this term.

Class attendance

Class attendance is **mandatory** and will be recorded.

All lectures will be delivered via Zoom.

You are expected to have Zoom installed on your computer **before** attending the class or visiting with me during the office hours.

Each class meeting will have a different link and password

I will email the above to you about 30 min. before the class begins, for each class meeting, separately.

Please, make sure to carefully read ALL emails from me with subject CSC 301

I will email the above to you about 30 min. before the class begins, for each class meeting, separately.

Please, check your spam / junk mail folder regularly and unspam any CSC 301 announcements that might have been diverted there.

You are required to use your Toromail ID while joining the class via Zoom.

This is necessary in order to properly credit your presence

Please, make sure to mute yourself while attending the class, unless you intend to talk to me

Things you are **NOT** allowed in class

To leave your computer without logging out
from the meeting

To let your background noise to be heard by
others

To talk while I am talking

To talk while I ask you to stop talking

Things you are **NOT** allowed in class

To record, videotape, or photograph the lecture
without **my** prior permission

To let anyone else to watch the lecture on your
computer or mobile device

To use inappropriate or disrespectful language

To otherwise disrupt the lecture

Proper conduct and attendance account
for 10 % of credit in this course.

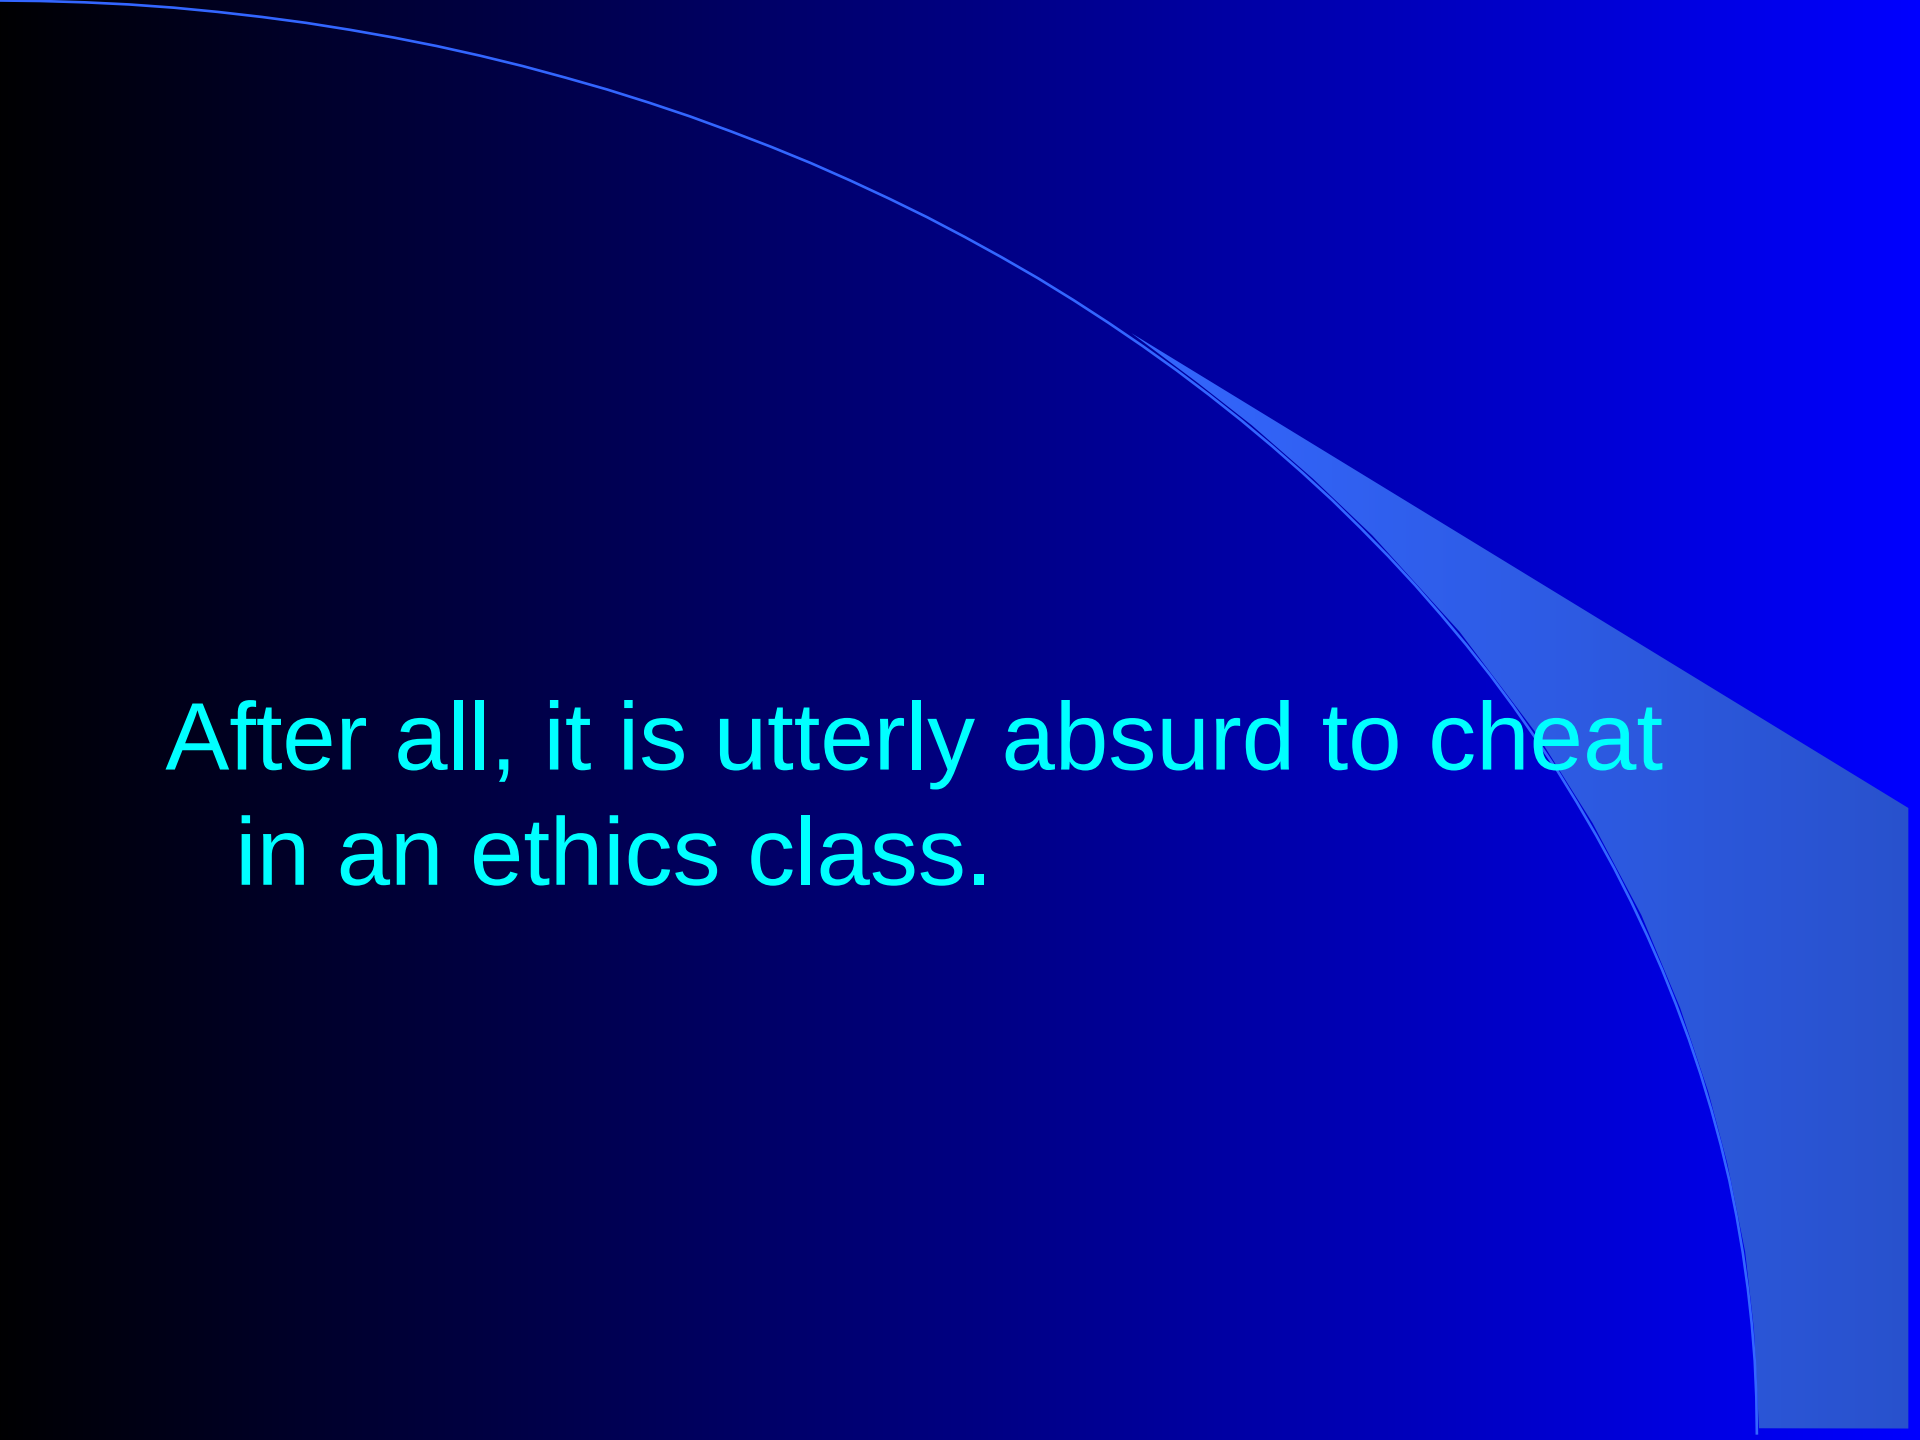

So please make sure to follow the rules.

Class website has more details regarding
this topic.

Academic honesty

I and this university, we are very serious about any violations of academic honesty.

Any form of cheating typically earns an F in entire course and, possibly, a disciplinary action.

The background is a solid blue color. A white arc starts from the top left and curves towards the bottom right. A white wedge shape is located on the right side, pointing towards the center of the slide.

After all, it is utterly absurd to cheat
in an ethics class.

All class materials, notes, slides, dates, etc.,
are posted on class website.

Except for quizzes, tests and the final,
BlackBoard and Canvas will **not** be used in
this course.

All quizzes, tests and the final will be given on
Canvas, strictly at the times specified.

Except optional test, tests will be given at the beginning of class, sharp, and take about 15 min.

If you are late then you will **NOT** be allowed to work on the test past the due time.

Tests will be announced about 1 week ahead.

The time and date of the final exam has been fixed.

Go and find it on the class website

If you miss the final then you will not pass this course – no make-up tests or final will be given

You will need to have the Lock-Down Browser (a.k.a. LDB) installed on your computer BEFORE taking any quiz, test, or exam on Cavvas in this class.

The detailed instructions how to download and install your LDB will be emailed to you, soon.

Xtra-credit Quiz

There will be an extra-credit quiz for you to take on Canvas

It is worth 2 points of extra credit

You will receive an email with its specific coverage

You will have 2 weeks from the date of its posting to complete it
